About ITC

The ITC conference in 2016 will be held at the University of Würzburg, Germany from 12th to 16th September. The 28th event of the series features the topic Digital Connected World.

Call for Papers

The evolution of communications and networking is changing the world we are living in. The digital connected world is triggered by the influence of computer science on telecommunication, the advent of the Internet and the massive deployment of mobile communications and optics, the appearance of collaborative networking and social networks, the ever-increasing speed and flexibility of new communication technologies, networks, user devices, and applications, and the ever-changing operational challenges arising from this development.

ITC 28 solicits original contributions that address the latest changes and developments in design, modelling, measurement, and performance evaluation of communication systems, networks, and services. ITC 28 is structured into eight different areas. The objectives in these areas include, among others, energy-efficiency and green IT, network security and privacy, QoS and QoE, and resilience. Accepted and presented papers will be published in the conference proceedings and submitted to IEEE Xplore as well as other Abstracting and Indexing (A&I) databases.

We are happy that Nikhil Jain (Qualcomm Technologies) and Wolfgang Kollerer (Technische Universität München) will give keynote talks.

Area 1: Smart cities and IoT (A. Leon-Garcia, Y. Zhu)
Area 2: Cloud services and networking (A. Acharya, P. Lee)
Area 3: Mobile, wireless and 5G (K. Leung, T. Hou)
Area 4: Next generation networking architectures (M. Zink, T. Zinner)
Area 5: Network and traffic management (F. Ciucu, P. Reichl)
Area 6: Network planning and optimization (T. Bauschert, E. Wong)
Area 7: Network measurements and analysis (M. Mellia, M. Squillante)
Area 8: Networked applications (Z. Li, L. Skorin-Kapov)
Demonstration Session (M. Berman, M. Jarschel, R. McGeer)

Co-located Workshops

Programmability for Cloud Networks and Applications (PROCON 2016)
QCMAN 2016 WORKSHOP ON QoE CENTRIC MANAGEMENT

Conference Co-Chairs
Phuoc Tran-Gia, University of Würzburg, Germany
Hisashi Kobayashi, Princeton University, US

TPC Co-Chairs
Tobias Hoßfeld, University of Duisburg-Essen, Germany,
Andreas Timm-Giel, Hamburg University of Technology, Germany
Gary Chan, Hong Kong University of Science and Technology, China
Brian Mark, George Mason University, US

Local Organization Co-Chairs
Matthias Hirth, University of Würzburg, Germany
Florian Wamser, University of Würzburg, Germany

Award Chair
Prosper Chemouil, Orange Labs Networks, France

Publicity Co-Chairs
Florin Ciucu, University of Warwick, UK
Sheng Zhou, Tsinghua University, China

Publication Co-Chairs
Jörg Liebeherr, University of Toronto, Canada
Michael Menth, University of Tübingen, Germany

International Advisory Council
Chair: Michela Meo, Politecnico di Torino, Italy
Vice-Chair: Dario Rossi, Telecom ParisTech / Ecole Polytechnique, France

Submission Guidelines
Only full papers are considered, with total length not exceeding 9 pages (IEEE two-column format, 10pt).
Papers must be submitted via EDAS:
https://edas.info/N21285

Important Dates
Paper registration: March 11, 2016
Full paper due: March 18, 2016
Acceptance notification: May 13, 2016
Camera-ready paper due: June 15, 2016

Conference fees:
Regular $750, Student $410, Author $680
